

The CAW Newsletter

The CAW Newsletter is the official publication of the Capital Area Woodturners Chapter of the AAW, and is published for the information of its members. Membership in the CAW Chapter is open to anyone interested in the art and craft of woodturning.

Meeting Announcement:

Date: Saturday, Feb 10, 2001

Time: 9:30 AM — 12:30 PM

Place: Millennium Arts Center
65 "I" Street, SW
Washington, DC 20024

DIRECTIONS TO THE MEETING: From Virginia, take I-395 going East across the Potomac River. 1.5 miles past the river, do not take the I-395 turnoff towards the Capital but continue on towards I-295. At the next exit, take the South Capital Street exit going South. At the bottom of the exit ramp, at the traffic light, turn right onto "I" Street. At the first opportunity, turn right into a driveway and park between the MAC and the health clinic. From Maryland take I-295 across the Anacostia River. Get off at the first exit-12th Street. Turn left onto "M" Street going west. Approximately 1.5 miles down, turn right onto Delaware Ave. At the deadend circle, turn right onto H street and park on "H", the driveway near the clinic, or behind the MAC.

Program For The Month

8:30 AM Help set up for the demonstration. Look over the for sale items in the equipment room; Have a cup of coffee with your fellow turners; Enjoy the normal hour of skill enhancement and practice time on the lathes; Or talk over problems and techniques with someone who might already have been there and done that.

9:30 AM Bob Pezold will provide information regarding the business of our club: upcoming plans, group-buy activities, the AAW Symposium Collaborative Challenge, and general announcements. Photos of member items will be taken for the March Newsletter. The tape library will be open. A silent auction table will be available for donated wood and items.

10:00 AM Show & Tell. Please bring a piece from your most recent turnings that you would like to describe to the members and talk about things you learned during its construction and/or finishing.

10:30 AM Phil Brown will discuss and demonstrate his tips and techniques for his award-winning turnings **From Forest to Finish**. Phil will talk about cutting flitches from a tree; orienting the grain for a specific affect; cutting the blank on a bandsaw using his home made jigs to reduce the waste wood at the beginning and help balance the load; turning large thin

deep pieces ; working with punky wood and how to stabilize the item; sanding to get a smooth surface; and step-by-step finishing instructions to achieve a glass-like (but not necessarily shiny) finish.

Phil is presently conducting a three day course at Maryland Hall on the same subjects. So obviously, we are going to get a lot of information in a short time. Come prepared to take good notes. Some handout material will be available.

The President's Corner

Greetings Woodturners. I Hope everyone has had a chance to spend time on the lathe this month. We have a great program planned for February, one that is certainly to be a highlight of the year. Our own Phil Brown is going to demonstrate how he produces some really great pieces.

Also I want to remind everyone to volunteer, if you can, to help out at the Woodworking Show in March. We need folks to man the booth, and also to demonstrate turning. Remember if you want to be one of the demonstrators, you must be a paid-up member of the American Association of Woodturners (AAW) as well. Although not mandatory for joining the CAW, we encourage everyone to consider AAW membership. That's all for now. Keep the chips flying and be safe.

CAW 2001 Officer Roster

CAW Club Project for the 2001 AAW Chapter Collaborative Challenge

At the January meeting we decided to pursue a CAW entry for the Collaborative Challenge at the AAW Symposium in July. The idea (from Tim Kochman) is to create a wooden replica of Crayola's™ box of 64 Crayons, each "crayon" from a different species of wood. While there are many potential embellishments to the basic idea as we move forward, it is critical that we begin to create crayons right away (even, hopefully, to have some made by the February meeting...?)!

The idea is particularly exciting for a variety of reasons:

- A wooden "crayon" should be a relatively straight-forward project for any and all experience levels,
- A **huge** number of members can be involved with minimal effort by each participant,
- The amount and cost of materials can be kept to a minimum,
- The idea can be expanded upon as we progress through the experience.

Randy Bjorklund volunteered to coordinate the project, and enlisted over 24 participants in a brief period of time at the meeting. He has also stepped up to build the crayon "box". To get this effort jump-started, here's the plan:

- To take advantage of some of the exotic woods available in pen-blanks, the wooden crayons will be about 25% larger than a "real" crayon.
- Virtually all woods you can think of are eligible – remember...the whole idea is variety (just as the crayons are different colors).

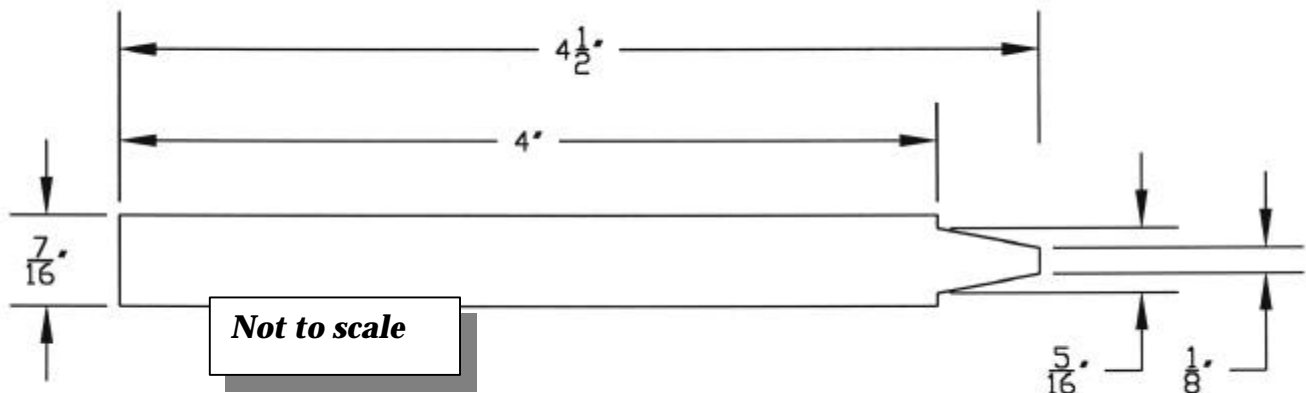

- We'll make a label for each, and will include wood species, creator's name, and "CAW". (Details to be worked out!)
- Randy will maintain a roster of participants and wood species selected. To participate (even those who Randy button-holed at the meeting), please contact him --(H) 703-440-8232, (W) 703-449-3232, e-mail sonja@erols.com -- and indicate what species of wood you would like to donate/use (if possible, indicate two or more selections, just in case some have been taken already). Selections will be recorded on a first-come, first-served basis!
- Turn your crayon! (Recommended finish would be a friction-type like "Behlens" – we want "shiny"!)

For those who haven't seen a crayon for a few years, remember that there's an indented tapered tip (before you mushed it down!). Dimensions of turned "crayon":

Overall Length:	4 1/2"
Main Cylinder Diameter:	7/16"
Length of Cylinder Before Taper:	4"
Max Diameter of Taper:	5/16"
Min Diameter of Taper:	1/8"

As we proceed, additional ideas for overall display and embellishments are strongly encouraged and solicited!

Let's see some turned Crayons at the February meeting! We're planning to have at least a prototype of a box ready –if only to give us an idea of size

About Our Members

by Phil Brown

Steve Bishop, with his wife's help, now has a web site at <http://home.earthlink.net/~woodturningartist>. Take a look and tell him what you think.

Phil Brown is teaching his techniques for three sessions of the Intermediate Woodturning class at Maryland Hall in Annapolis. Instructors for the other three-week blocks are Joe Dickey, Al Hockenbery, and Margaret Lospinuso. While two pieces were on display at Harmony Hall in November and December, **Phil** was interviewed by a Gazette reporter, and the article with pictures was published January 11th in their Lifestyles section distributed in Maryland communities.

Bill Hardy is in the middle of a beginner turning course at Chantilly High School and will be starting an intermediate course in mid-February and another beginner course in April. Check with Fairfax County at 703-227-2377 for sign-up and course details or go to his website at "www.turnstylesonline.com". Bill is starting to get ready for his Spring craft show at the Maryland Sheep and Wool Festival to be held at the Howard County MD Fairgrounds on May 5 & 6. Mark you calendar for a free and interesting day of crafts, sheep dog trials, shearing demonstrations etc.

Chris Light's turned work was juried into the *ARTISAN CENTER of Virginia* in Waynesboro, VA. This is a VA State sponsored organization "to preserve, educate and enhance an awareness and appreciation of Virginia artisans ..." They operate a retail outlet at Waynesboro Village, exit 94 on I64. In April **Chris** will install a solo show, "The Mark Tawin Series" at the Fredericksburg Center for Creative Arts (FCCA). It will include charcoal drawings and wood turnings. More details later.

Don Johnson turned whistles and **Don Riggs** turned small boxes with the kids in **Lynda Smith-Bugge's** "Wood Sculpting" class at Timber Land Elementary School in Falls Church last month. Lynda reports that some students created exhibit charts of tools they learned to use and woods they can now identify for their "museum" day.

Ed Moore and **Val Spring** assisted January 5th and 6th at the Chesapeake Woodturners booth in the Baltimore Woodworking Show held at Timonium, MD.

Lynda Smith-Bugge has a wood sculpture interpreting The Cross in an exhibit featuring 14 artists at the main building of the Washington Theological Union. "*FROM SHAME TO TRIUMPH*" opened January 21st, and continues through March 4, 2001. Lynda's piece, called "A TRIUMPHAL PORTAL", is made of spalted maple, peach and oak. It is her biggest so far, measuring 60"h x 53"w x 7"d. The WTU is at 6896 Laurel Street, NW, Washington DC 20012 (near Takoma Park at Eastern Ave.).

Dean Swagert's olivewood vessel was featured on the CAW web site in November, and **Jim Marstall's** silverleaf maple winged bowl and cherry spurtles are shown in January.

Promote yourself in the CAW Newsletter by sending information to Phil Brown, 12200 Wynmore Lane, Bowie, MD 20715-1282. Phone and fax: 301-262-8597. E-mail: philfbrown@greenbelt.com

Information for Our members**NEWS ITEMS**

1. Solicitations for bids to remove trees on the Strathmore Hall site went out about February 1st, with work expected to occur toward the end of March. The architect has included a provision for the wood to be disposed of at the direction of the owner, which means we get access to the cherry trees and any other trees you may want. The logs have to be hauled off site for us to cut them up. CAW members in Hyattsville and Arlington have offered their properties as dump sites, and we could use the paved court yard of the Millennium Art Center. Three CAW members have heavy-duty pickups, and if necessary the tree service contractor could probably be hired to haul. If you have access to a truck to haul logs or a site to dump logs, please tell Phil.

To help assure that CAW members interested in the black cherry get timely access to it, the following list has been developed: Phil Brown, Paul Burke, Bob Crawford, Gene Crosby, Bob Grudberg, Bill Hardy, Jack Hahn, Gerry Headly, David Jacobowitz, Frank Jessup, John Kerr, Bob Kinsel, Robert Peesel, Dave Pye, Tom Shahriari, Glenn Southers, and Lynda Smith-Bugge. If you want to be added, tell Phil. You are expected to have a chain saw to cut your own wood or make your own arrangements with some one to cut for you. You haul your own flitches.

2. The Washington Woodworkers Guild expects to again have an exhibit in the fall of 2001 at Rock Creek Gallery. They need to show turned work too. So have some pieces and pictures ready by this summer.
3. Work by several professional wood turners can be seen February 23-25 at the American Craft Council show in the Baltimore Convention Center on Pratt Street. Admission is \$9, or free to ACC members. Call 410-962-1122 for information.

4. Registration for week-long spring and summer woodturning classes at Arrowmont School of Arts and Crafts, Gatlinburg, TN, can be made by phone, 865-436-5860, or on line <www.arrowmont.org>. Tuition is \$280, lab fee is \$70-\$85, and room and board options ranging from \$205 up to \$470 are available. If your spouse is interested in another media, there may be a class available in the same week that you want to go. For more description of the following classes, request a catalog or look at their web site.

MARCH 5-9, ALAN STIRT, Turned Bowls And Platters: Form, Pattern, Texture And Color

MARCH 12-16, RAY KEY, Woodturning: Artistic And Functional

MARCH 19-23, RAY KEY, Woodturning: Artistic And Functional

MARCH 26-30, BONNIE KLEIN, Turning Boxes on Mini Lathes

JUNE 4-8, DAVID ELLSWORTH, Woodturning

JUNE 11-15, JOHN JORDAN, Woodturning: Surface And Design

JUNE 18-22, JEAN-FRANCOIS ESCOULEN, Thin Woodturning And Multi-Axis Lathework

JUNE 25-JULY 6, MICHAEL LEE, Woodturning: Carved Vessels (two week class)

JULY 9-13, BETTY SCARPINO, Woodturning

JULY 30-AUGUST 3, JACK SLENTZ, Using The Lathe To Make Sculpture

AUGUST 6-10, RODGER JACOBS, The Legged Vessel

MARKETING

The National Capital Art Glass Guild is bringing Bruce Baker here (a second time) to give his workshop on booth design and selling. On Saturday, March 31st, two-thirds of the day will be on booth design and the remainder on sales/merchandising techniques.

Sunday April 1st will be all day on the jury slides process. Workshops will be \$45 per day or \$85 for both days. Location will be the Lyon Village Community House, 1920 N. Highland St., Arlington, VA. To register, call Ms. Worth Cooley-Prost at 703-522-3818 or <WorthC8P@aol.com>; or send your money to her at 621 N. Kensington St., Arlington, VA 22205.

Bruce has been developing and perfecting his presentations to crafts people for 17 years, and he has lots of good material that most aspiring woodturner/marketers would benefit from. A jeweler himself, Bruce and his wife also own and operate two successful fine crafts shops in Middlebury, Vermont. Bruce writes the booth design column in Crafts Report. Dynamic Crafts Selling (3 hours) is a fast-paced, information-packed, fun workshop that can make a major difference in your sales.

The jury slides workshop is focused on "the importance of good slides and first-class photographic images of your craft work... An extensive slide presentation in various craft media will demonstrate the use of interesting and appropriate backgrounds, as well as proper framing and lighting techniques. Slides of actual jury applications are projected and used to troubleshoot the common errors that craftspeople commit when they apply to juried shows. The jury process and jury philosophy are discussed at length so applicants can develop a better strategy to gain acceptance into national juried shows. This workshop is a 'must do' for crafts people who do fine work but frequently get rejected from upscale shows." Everybody registered for the jury slides workshop is invited to bring 3 to 5 of their own slides for review.

GRANT SUPPORT

1. Virginia Commission for the Arts announced a series of statewide grant workshops to be held in several locales in January and February. The two-hour workshops offer information about the grant award programs in preparation for the March 1, 2001 and April 2, 2001 (5:00 p.m.) application deadlines. The workshop will address application, review and funding procedures for Commission programs. No pre-registration is required to attend a workshop, all of which are free and open to the public. Workshops Scheduled in our area:

January 25 - Art League, 105 North Union Street, Alexandria. 703-683-1780 11:00AM - 1:00PM

January 25 - Center for the Arts of Greater Manassas & Prince William County, 9001 Center Street, Manassas. 703-330-2787 5:00PM - 7:00PM

For further information about Commission programs, services or resources contact the Virginia Commission for the Arts, 223 Governor Street (Lewis House). Richmond, VA 23219; 804-225-3132; vacomm@artswire.org (email); www.artswire.org/~vacom

2. The American Craft Council is now accepting applications for the Emerging Artist Grant Program. Designed to provide financial support to artists who are at the beginning stages of their professional careers, grants are available to artists working in any of the craft media (clay, fiber, glass, metal, wood and mixed-media), both functional and non-functional. Funding is available to support the creation of a new body of work, travel and research, or to attend professional development workshops either in the United States or abroad. Funds may also be used for the purchase of equipment and supplies directly related to any of the above mentioned funding categories. With the initial funding cycle, the Council will award a total of \$40,000 to 10 artists.

Applications must be received by Thursday, March 1, 2001. Guidelines and applications are available on their web site, www.craftcouncil.org, or by calling 212-274-0630, extension 204

Membership Renewals Are Now Overdue!!
Don't wait until the dues police track you down!

Renew your CAW membership for the year 2001.
\$20 for individual membership
\$15 per person for multiple persons in a family
Bring your 2001 dues to the next meeting or mail to:
Mike McInerney, CAW Treasurer
14526 Creek Branch Ct
Centreville, VA 20120

Make checks payable to Capital Area Woodturners

If you are unsure if you owe dues for year 2000, look at the mailing label on the newsletter in the upper right corner. If it says DEC-00, you owe. If it says DEC-01, you are paid up.

If you get the newsletter via email, call or email Mike McInerney, CAW Treasurer, at 703-378-8117 / mikemc1421@aol.com to verify membership status.

Item For Sale

"J" Line Heavy-duty cast iron lathe. 20" bowl swing: 40" between centers; bearings replaced within last 3 years. (Low Mileage) 1 1/2 HP DC motor with variable speed control unit. Live center, spur drive, and several tool rests. **\$1,250.00 OBO**
C.A. Savoy - 703-765-7368

The all-day (9:00 am - 3:00 pm) CAW turning workshop and skill enhancement session at the Woodcraft Store in Springfield, VA will be held on February 27th, 2001. Any special turning project or demo requests, please let C.A. Savoy know.

There are still slots available/open for members to turn or staff the CAW booth at the Northern VA Woodworking Show, March 16th, 17th, & 18th. Call C.A. at 703-765-7268 or sign up on the sheets at the February meeting.

Woodcraft needs paid, temporary help for their Northern Virginia Woodworking Show booth. Contact Store Mgr. Herb Shelley at 703-912677 if interested.

The Millennium Arts Center (MAC) needs paid carpenter/woodworking help. Contact Director, Bill Wooby at 202-479-2572 if interested.

NOTE: If anyone is having difficulty climbing the stairs at the MAC to get to our meeting room, please contact any CAW officer and we will make arrangements for you to use the elevator to get to the second floor.

Above left: Richard Allen - 16"W Red Oak platter. Center: Don Riggs - two natural edged Peach bowls, one Oak natural edge wing-bowl, and one Ash 6"W hollow form
Above right, Paul Burke - 2"H natural edge

Above left: Dean Swagert - 10"W Ziricote Segmented platter and a 6"W natural edge African Blackwood. CAW Newsletter — February 2001

New CAW Members for January 2001

Welcome all! We are glad you have chosen to add your talents to our club. We look forward to the contributions you will make, and the pieces you will bring in to Show-&-Tell, to add to our mutual love of woodturning and our collective knowledge and skill.

<u>Last Name</u>	<u>First Name</u>	<u>City</u>	<u>ST</u>
Babiec	Dan	Alexandria	VA
Bresler	Ed	Washington	DC
