

JULY

MEETING TIME AND PLACE

July 19, 1997, 9:30 AM at the home of Jim Ness, 4001 Greenville Drive, Haymarket, VA.

PROGRAM FOR JULY MEETING

There will be no meeting. A free-for-all turning and picnic is on the agenda. Bill Hardy will be making his famous pulled pork BBQ, and you don't want to miss that. If you own a small or portable lathe, bring it. Bring tools and wood to play with. Turn something yourself, and have a great time watching everybody else turning too. Bring lawn chairs to sit on. A picnic lunch and soft drinks will be offered at cost. We will have the lunch around noon.

JUNE PICNIC. A picnic was held at Pat Berry's home in McLean. Although there were a few rain drops, the enthusiasm for turning was not dampened. A good time and good food were had by all. Some even said that Bill Hardy may have some competition for his BBQ!!! Watch out Bill. Don Hart did a superb job of demonstrating how to turn a spiked star held captive in a sphere. Each spike was seated on a pentagonal base. Don says it takes him one day to make a star, and he did a great job of conveying the many facets of turning the spiked star. T-shirts were handed out at the picnic. C.A. Savoy is looking into getting more colors and will have more information at the July picnic. Our Thanks go to Pat and his lovely wife for their gracious hospitality.

OOPS!!!!  
PLEASE FORGIVE ME C.A.....  
It seems that in my enthusiasm to thank our volunteers, I inadvertently left out additional duties that some volunteers perform. Our additional thanks go C.A. Savoy and Frank Jessup for their support and dedication in getting to the monthly meetings early so that those needing help turning can come early to ask questions about sharpening tools or how to turn. Also, Sheryl Kochman is our liaison with Artisans United, and we thank her for taking time from her busy schedule for this.
