

## Supplies, Gadgets & Tools

BEFORE YOU BUY, CHECK EBAY FIRST!

**First Aid Kit** – An article from Fine Woodworking by an emergency room physician and woodworker is available on the AAW website at:

<http://www.woodturner.org/community/fundamentals/safety/W216SU.pdf>

**You Tube videos on safety by Alan Straton** – <http://www.youtube.com/watch?v=FlhWF4M9CO4>

### Waxed Paper

**Everclear** – (Grain alcohol) Useful to cut shellac, clean equipment, antiseptic

### Plumber's Epoxy

**Silicone Tape** – Sold as “Rescue Tape” and also available from Lee Valley as “High Friction Silicon Tape”

**Gaffer's Tape** – available from 3M and other suppliers. Does not leave a residue on work, unlike some duct tape.

### Gill Sailing Gloves

These already have the fingertips cut out. A good pair costs \$25-30, but I got some on eBay for \$5. The newer ones have Kevlar on the palm.

**Homemade Sanding Mandrels** – (How-to by Joe Ruminski / Stan Wellborn available on request)

**Auriou Rasps** – These hand-made rasps from France are the best available, better than the #49 and #50 Nicholson cabinet / patternmaking rasps. Available from Highland Woodworking in Atlanta. I prefer the Auriou 8" ALBI #11 and #14 Combination Rasp. Expensive but worth it. Great videos on how these rasps are made at: <http://www.youtube.com/watch?v=qNI9YXHZcOo&feature=related> and <http://www.youtube.com/watch?v=sfQIJJlbCs>.

### Zipwall System for Dust Control, Finishing Space

### Centering Ruler and Jig

### Phi Ruler

### Rare Earth Magnets / Mag-Mate Square Lifting Magnets

### Bottle Stopper Mandrel

**Raboesch PVC Sheets** – Flat sheets of PVC-covered foam sheets used for pattern making and modeling, made in the Netherlands – <http://www.raboesch.com/>

### Laminate Sample Card

Get a sample card from Lowe's or Home Depot, break off a corner, and you have a sharp point to make burn marks on turnings

## **Diamond Disc Cutters**
